Karen B. Tripp

Assistant Commissioner for Patents
Washington, D.C. 20231

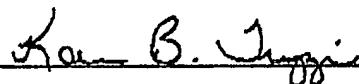

AMENDED RESPONSE TO OFFICE ACTION

Dear Sir:

This will confirm a telephone call received from the Examiner on January 30, 2002 in which the Examiner recommended election of Group I claims for examination first (instead of Group II claims). Accordingly, Applicant amends his earlier election and response to the office action requiring restriction and elects Group I claims for examination.

Respectfully submitted,

Date: Jan. 30, 2002
